Mulburries are delighted to welcome our latest offering in the Aspen Park development in Apsley to the market. A high specification, tastefully decorated four bedroom end of terrace townhouse.

The sizable property, which including the garage covers just shy of 1600 square feet, is a delight from the minute you walk into the home. The current owners have kept the property in immaculate condition and on top of that have decorated the property very tastefully, to give the home a modern but homely feel, which instantly makes you feel comfortable upon entry.

Comprising of entrance hallway, guest cloakroom, open planned kitchen/diner/snug on the ground floor with patio doors onto the garden. The first floor is home to a spacious living room, with a Juliet balcony allowing for stunning views across the area, due to the raised location of the development. The three piece family bathroom and a double bedroom are also within this floor. The second floor has three further bedrooms, one of them the principal bedroom with en suite shower room, a further double room and the 4th bedroom, currently being used as an office.

With regards to the externals of the home, a benefit is that due to being an end of terrace home is having the side access to the front of the building. The garden to the rear is again a great size for a new build development (much larger than average) and the garage is to the rear of the property with a parking space in front of it.
